I heard from Vice Chairman that there was a scheduled meeting for Tuesday at 9:30. Is that correct?

I don't think I need to attend since it involves the other two departments, but should questions arise, I probably can best answer them from our end.

Cynthia O.

Hi Vice Chairman Jack –

Thank you for your email. I apologize for the delay – I saw your email address and thought it was my co-worker.

I have confidence that EPA and Walker River will be able to address the IG Report...and continue our strong relationship.

Renee Chan I hope the progress the Walker River Tribes EPA program through Cynthia O. Was something we can move forward with. I am disappointed in not being available for the

phone call. But as the Vice Chairman the concern is very important, I hope as Cynthia O. Is are Gap manager we can proceed in a good direction for a means of concluding our delivery of items in question.. Thank you Randall Jack vice chairman. I would also thank Cynthia for all current updates

Subject: Conference call Documents

Please find the following documents which I shared with Kathy Frazier, Walker River Finance Director today to prepare for the conference call for the IG Audit findings. We reviewed both reports for the Gap grant for fiscal years 2008 through 2012.

I briefed Kathy in regards to what has been done thus far for the response sent in March. To date, Walker River has not received a written response from EPA in regards to the site visits for the work plan details for GAP.

I also shared with Kathy the original Office of Inspector General Project No. OA-FY14-0127 February 13, 2015 and the latest document from the Office of Inspector General Report No. 15-2-0165 June 11, 2015.

In our effort to improve our internal controls to comply with federal regulations we have agreed the forms provided today will assist our management for corrective actions. Walker River will develop forms to meet the compliance guidance of Omni-Circular under 2CFR 200 & EPA Regulations under 2CFR 1500 adopted December 24, 2014. Please note all staff received these documents at Walker River meetings held by myself several months ago, for

the uniform administrative requirements.

We hope this helps expedite our conference call meeting scheduled for 09/16/15 @ 10:00am.

Thank you,

Cynthia Ocegueda
